

Travel Information:

Dear participants,

the Best Western Hotel Schaper-Siedenburg, where we've made reservations for you, is located 200 meters far from the Hauptbahnhof tram station (Central Station). There is a direct tram connection between the airport and your hotel through line 6 (direction Universität). Trams go every 10 minutes.

The address of the Best Western Hotel Schaper-Siedenburg is: Bahnhofstr. 8
Phone: +49 421 30870

The workshop will take place on the second floor of MARUM, which is located on the campus of the University of Bremen, in Leobener Straße. Here we will also have our (coffee) breaks, as well as dinners on Wednesday and Thursday. There are several possibilities to have lunch at the campus, like e.g., the Mensa and several restaurants around it.

The bad news is: the Campus of the University of Bremen is exactly on the other side of the city from the airport...

The good news is: there is a direct tram connection between campus, hotel and airport through line 6. The tram stop is directly opposite the airport's exit and 200 meters from the hotel entrance. Easiest would to get off at the second-last stop at the campus called "Zentralbereich".

Buy your tickets from tram drivers (on some trams there's an *onboard ticket automat* instead) (€ 2.10 Euro).

Any taxi will of course also take you to the campus (€ 25 Euro).

The ice-breaker on Tuesday will take place at the House of Science which is located in downtown.

In order to get to the House of Science (Haus der Wissenschaft):
From the tram stop *Herdentor* (to the left from your hotel) take the tram connection 4,5,6,8 to the tram stop *Schüsselkorb* (see the right map on this page). The whole trip will take 5 minutes.

If you like to enjoy the city center, we would rather recommend walking that will take 10-15 minutes (see the left map on this page).
