

**Joint Course Programme**

EUROPROX European Graduate College Proxies in Earth History

GLOMAR Bremen International Graduate School for Marine Sciences

MARUM Excellence cluster "The Ocean in the Earth System"

NEBROC Netherlands Bremen Oceanography Cooperation

NSG Netherlands Research School for Sedimentary Geology

POLMAR Helmholtz Graduate School for Polar and Marine Research

**MARUM / GLOMAR Expert Course:****Ocean Data View (ODV) II**

Dr. Reiner Schlitzer

Alfred Wegener Institute, Bremerhaven

27 June 2011, MARUM, Bremen

**Objectives**

This course will demonstrate and apply advanced concepts and capabilities of the data analysis and visualization software Ocean Data View (ODV, <http://odv.awi.de/>). The course consists of overview presentations, guided software usage sessions, and hands-on exercise work. Students will learn how to download and import important oceanographic data sets, and will then use these datasets to address scientific questions and produce different kinds of graphics output. Students are invited to bring their own data (in spreadsheet-like formats) and may use these data for import and analysis.

Participants must have previous experience with ODV and must be familiar with basic operations.

**Location**

MARUM, University of Bremen, 28359 Bremen, Germany, Room 2070

**Time**

09.00 – 17.00
