

Topic of the month:

Your (Science) Highlights 2019

13 December 2019

13.00 – 14.30

MARUM I, room 2060

In this workshop, personal highlights of the year 2019 will be presented. And we will enjoy some Christmas cookies ☺

Programme:

Neele Meyer	Subsampling at the Invertebrate Collection of the National institute of water and Atmospheric Research (NIWA), <i>New Zealand</i> and a self-made science short film about “Marine PhD studies at Senckenberg”
Adrienne Hollister	GEOTRACES Summer School in Cadiz, <i>Spain</i>
Yusuf El Khaled	Research Placement at the Institute for Marine Biology (IfmB) on the Isola del Giglio, <i>Italy</i>
Yanming Ruan	Research Placement at the Royal NIOZ, the Netherlands Institute for Sea Research, on Texel, <i>the Netherlands</i>
Anna Koester	Field Campaign on the Seychelles
Dierk Hebbeln	Student Excursion to Iran
Tina Klose	Science Podcasts

Additional spontaneous presentations are welcome!
