

# The Micropalaeontological Society annual conference 2022

The annual conference of the Micropalaeontological Society is approaching and after years of limited “in person” events, we are looking forward to welcoming you at **MARUM, the University of Bremen!** This year’s conference is dedicated to **“The microfossil record of ecosystem response to global change”**.

Registration for the conference is now open with an abstract submission deadline the 30<sup>th</sup> of September and registration deadline the 9<sup>th</sup> of October!

<https://www.marum.de/en/Research/TMS-2022/registration.html>

In addition to **two full conference days** (10-11<sup>th</sup> November), you can sign up for one of the following **workshops** that will be held on **Wednesday the 9<sup>th</sup> of November**, before the icebreaker:

- 1) Modern planktonic foraminifera species identification and taxonomic review (Julie Meilland, Michal Kucera and Geert-Jan Brummer)
- 2) PAM Fluorometry: Photosynthesis under global change (Christiane Schmidt)
- 3) Data analysis with R for the palynologists (Phil Jardine and Chloe Walker-Trivett)
- 4) For ECR - Know your options and find the career path that matches your skills (Gaby Schilling)

Further information such as the registration fees, our policy with regard to COVID-19, or the keynote speaker list can be found at the conference website:

<https://www.marum.de/en/Research/TMS-2022.html>

We look forward to hosting you in Bremen,  
Sincerely,  
The TMS annual conference local organisers at MARUM!
