NEBROC Netherlands Bremen Oceanography Cooperation

NSG Netherlands Research School for Sedimentary Geology

POLMAR Helmholtz Graduate School for Polar and Marine Research

MARUM / GLOMAR Expert Course:**Research Funding and Career Development**

Dr. Beate Scholz

Scholz – consulting training coaching, Bonn

1-2 March 2011, MARUM, Bremen

Objectives

The 1,5 day course aims at providing the participants with an overview of the research system in Germany and Europe as well as of funding opportunities for research career development. In addition, it offers insights into the aims and habits of research funding institutions and peer review procedures. By simulating a peer review session during the second day participants will gain a feeling for an actual review process. Qualified feedback will help them to optimise their own research proposals.

Contents

1. The research system in Germany and Europe
2. Typology of research funding and career development programmes
3. Analyses of programme requirements and peer review perspectives
4. Essential features of successful project proposals
5. Presentation of a research proposal in a nutshell

Please note: Participants are asked to submit a CV until 15 Feb!

This will enable the trainer to prepare the contents of the course with respect to the individual needs of the participants.

The trainer

Dr. Beate Scholz has worked as a strategy consultant, project facilitator and trainer since 2003 (until April 2008 in addition to her position at the German Research Foundation). Her focus is on supporting universities and research organisations in developing, implementing and evaluating concepts and strategies for research career development. She has gained considerable experience in teaching researchers of various career stages e.g. in planning their careers, making strategic use of research funds and in communication strategies vis-à-vis their respective peer groups. Internationally, she also serves as a reviewer for research organisations.

Location

MARUM, University of Bremen, 28359 Bremen, Germany, Room 2060

Time

1 March: 09.30 – 17.00

2 March: 09.30 – 13.00
