# MARUM / GLOMAR Soft Skills Course:

# **Conflict Management**

Sabine Lerch Trainer, Coach and Business Mediator

1-2 November 2011, MARUM, Bremen

# Why - Objectives

"Yes, but not today" is how people usually think about conflict management. Not surprisingly we feel that we need to prepare to handle disagreements as we often associate them with uncomfortable and threatening emotions. When there is no open conflict we can carry on as though things are all right even if we know they aren't. Without resolution, conflict merely becomes an opportunity to recycle old arguments, destroys relationships and negatively impacts cooperation and productivity.

With resolution, conflict can be rewarding and exciting and can move things forward. This course is designed to help participants to constructively engage with conflicts rather than avoid or escalate them unnecessarily. It will give people usable, relevant and confidence building tools to handle this difficult arena more effectively.
