

MARUM / GLOMAR Expert Course:

Working with Photos and Figures

Dr. Ulrike Holzwarth, Andreas Basse

Bremen International Graduate School for Marine Sciences GLOMAR,

Center for Marine Environmental Sciences, MARUM

8 December 2011, MARUM, Bremen

Objectives

This course will provide you with practical knowledge on handling all kinds of figures and photos which are needed for your presentations, handouts, websites and publications. You will learn important principles of photography as well as basic tools how to improve and process photos.

Also, there is the opportunity to be photographed in a professionally equipped studio on the campus.

Topics

- Basics on colours and image formation
- Different formats for different purposes
- Resolution
- Exporting and importing
- Graphic and image processing programs
- Features of a good portrait

Preparation

Every participant should bring at least one (better several) digital image(s) you would like to improve/overwork with graphic processing software and/or use for a presentation. You are welcome to bring your own camera.

Time

09.30 – 16.30

Location

MARUM, University of Bremen, 28359 Bremen, Germany, Room 2060
