Dr. Tobias Wolff

Exhibition manager at Universum Science Center, Bremen

Tobias Wolff, born 1967, is an exhibition manager at Universum® Bremen. He studied Geology in Freiburg, Amherst (Massachusetts) and Bremen. After his PhD in Marine Geology he completed a six-month internship at the Exploratorium in San Francisco. Subsequently, he joined the team at the University of Bremen that developed the Universum Science Center. Since 2000 he is responsible for the Exhibition at the Universum Managementgesellschaft, which is the operating company of the science center. His work includes development and operation of science exhibitions.
